THE ANNUAL REPORT OF THE SEVERAL OFFICERS
OF THE TOWN OF MERRIMAC

Selectmen's Report

To the Voters of the Town of Merrimac:

In compliance with Chapter 40, Section 49, of the General Laws of the Commonwealth, we submit for your consideration the annual report of the several officers and departments of town government. In doing so we wish to record our belief that there has been manifest on the part of each an honest effort to promote economy and efficiency in administration of the trust imposed by your suffrage.

Your Board of Selectmen have sought to familiarize themselves with the duties devolving upon them by statute, by-law and custom, and to study ways and means for improving the administration of the affairs of the town, fixing responsibilities, and securing a maximum of service for a minimum of taxation. We believe there is a desirable mean between a costly niggardliness and neglect of essentials, and an extravagant expenditure for luxuries which we all may enjoy but can ill afford. In presenting recommendations and estimates for the budget for 1935 we have tried to keep this desirable mean in view.

We freely and gratefully acknowledge the splendid cooperation shown to us during the year by our fellow officials and by the public.

The Highway Department

On March 19, 1934, Mr. Charlie E. Wallace was appointed Superintendent of Streets. For the information of our citizens who otherwise may not know of the limitations under which we work, we have to report that although \$6500 was appropriated for highways last March, \$1500 less than that sum was available because the statute providing for an emergency loan from the State Department to reduce the tax rate, having been accepted by Merrimac for 1933, provides also that until the loan is fully repaid, we may not increase any departmental appropriation, without the approval of the Emergency Finance Board. Under this act our appropriation of \$1000 for Chapter 90 roads and \$500 for the Bear Hill road was not approved by the Emergency Finance Board. Consequently we lost an equal sum which the State or County had apportioned to us. These restrictions will prevail for four years more if the present statute remains unchanged. Voters should keep this fact in mind when making appropriations for 1935.

Through the cooperation of the State Board of Engineers and our own Welfare Department, an exchange of services was arranged so that

we have been able to carry out practically all of the program contemplated under the appropriations of last March. We think the highway work has been faithfully and economically administered according to a thoughtfully prepared plan, and recommend that a similar plan be followed for 1935, with a minimum appropriation and the use of welfare laborers whenever practicable. Whatever money is allotted to the highway work will be expended for improvement of the streets most urgently in need of repairs and in the upkeep of the improved streets. Because of the limitations stated above, appropriations for special streets or projects under special articles will in all probability be disapproved by the Emergency Finance Board. The one chance for other highway work seems to be in the possibility of State or Federal projects under the E. R. A. or other relief agencies, which we may finance through appropriations for such projects. (Note: Welfare and E. R. A. appropriations will probably be approved provided the projects carry a maximum portion of the expense as labor.)

For estimates refer to the tabular statement elsewhere in this report.

Board of Health

The Selectmen organized as a Board of Health with Harold C. Lord, Chairman, Frederick E. Bragdon, Clerk. Frederick E. Bragdon accepted the position of Agent of the Board as provided in Chapter 111, Section 30 of the General Laws. To make possible the enforcement of penalties for violating health laws, a set of regulations was prepared, adopted May 8, 1934, and published in the Haverhill Gazette June 12, 1934. Portions of these regulations dealing with sewage disposal are included in this report.

A complaint made by some citizen of Merrimac to the State Board of Health, led to an inquiry from that Board into the disposal of our sewage in general, and the construction of the Green Street sewer in particular, which resulted in advice from the Department to forbid any further entrance of sewer outlets into our sewers or storm drains, until a satisfactory outlet for sewage is provided.

Sewage disposal will soon be, even now is, an acute problem in Merrimac. Several suggestions have been made, such as a P. W. A. project for a trunk sewer along Cobbler's brook to the river, or an E. R. A. project to prepare the way for such a sewer, or a sewage disposal plant near the river. The much talked river sewage to the sea is also a factor in the problem. We recommend serious consideration and discussion of sewerage problems before the time for immediate action comes.

Eight complaints of nuisance have been received and the nuisances either have been abated or are in process of abatement. Three instal-

lations of septic tanks have been approved. It is the intention of this Board, if continued in office, to have the several dumps about town cleaned up and made sanitary and less unsightly.

Sargent Hall

Sargent Hall has been opened 115 times, of which 95 were free of charge. Collections have been made and turned over to the treasurer to the amount of \$91.60. There is an uncollected balance of \$1.40.

Relief Work

Judged from the financial side, the major problems of administration concern relief in its several forms. Undoubtedly, the Federal Relief, both direct, and in the form of distribution of food and clothing, and in the employment of men and women under the Emergency Relief Administration projects, have reduced the total expenditures from the appropriations for public welfare. Unless the Federal or State authorities continue to give aid in some form we may expect still further demands upon our appropriations.

To those who sometimes question the character of the projects selected, we would say that the effort has been to select projects which require the least expenditure for material, and are at the same time projects of real value, even if not our most urgent need. The figures given elsewhere in this report show how well, financially, the administration of the projects has been planned. It is well also in making criticisms, to consider, that the local administrators are directed by Federal rulings which oftentimes do not seem to us to be the wisest procedure for solving our own peculiar problems.

As a Board of Selectmen, we regret that the citizens believe a responsibility rests upon us which in the present order of things we can not meet, because of the limitations imposed by the assignment, under our system of town meetings, of specific duties to individual boards who are responsible only to the Town Meeting. The inevitable result is, first, that a well co-ordinated plan of administration can be defeated by the failure of any major department to co-operate, and, second, that maladministration in any department may continue unchecked for a long period and until corrective action is taken by the town meeting.

It has been and is our desire that the budget for 1935 be reduced materially. The Finance Committee share this desire. We seem to be helpless to reduce expenses materially, except by drastic curtailment of services and conveniences to which we as citizens have become accustomed and are, apparently, unwilling to forego even though we can not afford them. "Cuts" that mean anything in taxrate must be deep.

Real cuts *hurt*. We would remind voters that the tax rate depends on the appropriations made in town meeting, and urge that each voter give careful consideration to the budget submitted by the Finance Committee.

Respectfully submitted,

HAROLD C. LORD,
FREDERICK E. BRAGDON,
ANDREW O. NICOL,
Selectmen.

Report of the Finance Committee

To the Citizens and Tax Payers of Merrimac:

The Finance Committee, after very careful consideration recommend the following appropriations, which are in most instances based on complete reports of the various departments and actually show the amounts that are requested for the proper operation of these departments. We have been greatly assisted by the excellent, and accurate reports of most departments. We have constantly in mind, in making recommendations for Highways and other departments, the necessity of making provision for Welfare Labor as an assistance, in helping out on our Welfare expenditures.

In making appropriations for Public Welfare, Soldiers' Relief, Old Age Assistance and Mothers' Aid we can only approximate them as the amounts involved are so dependent on existing conditions.

The E. R. A. and C. W. A. must again be thanked for the very substantial relief afforded our Tax Payers, by its various activities, and when we consider the amount, \$27,969.61 cash and \$5,367.19 for supplies, we all must feel thankful for its expenditures in our behalf.

Quite a number of recommendations are for more than last year and as no more money can be appropriated at any subsequent Town Meetings for the fiscal year, please give these amounts careful consideration.

We recommend the following appropriations for the year 1935:

C. HOWARD PHILLIPS,

Town Clerk.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen.

Gentlemen:—

As Chief of the Police Department of the Town of Merrimac, I hereby submit the annual report of the Department for the year 1934:

The Department has kept within its appropriation for the year and ended with a small balance.

There has been an increase in arrests and also in general activities of the Department over previous years.

Previous to December 1934 all fines imposed by the Court for violations of the automobile law went to the Commonwealth, but due to a change in the law, the Town now receives such money. It is to be anticipated that the amount received by the Town from this source will be noticeably increased.

Miscellaneous Business

Auto accidents reported	29
Autos stolen here and recovered	1
Assisted other Police Departments	13
Assistance to Medical Examiner	4
Complaints investigated	252
Court Fines for use of Town,	\$595.00
Court Fines for use of Commonwealth	745.00
Doors and windows found open and secured	44
Dead bodies found	2
Days attendance at District Court (Chief)	108
Days attendance at Superior Court (Chief)	9
Days attendance at Grand Jury (Chief)	2
Days attendance at District Court (Night Officer)	16
Days attendance at District Court of Special Officers	11
Disturbances suppressed without arrest	17
Escorts furnished processions	2
Defects in sidewalks and streets reported	7
Headlight Inspections held	4
Injured and sick persons assisted	21
Lights furnished dangerous places	4
Lights found burning in buildings	26
Fires discovered and alarms rang	2
Fires discovered and extinguished without alarm	1
Lost and runaway children returned to parents	12
Leaks in water pipes reported	3
Number of animals disposed of	38
Number of assignments of Officers	209
Report of Gas leak	1
Search Warrants served	3
Street Lights reported out	26
Stray animals returned to owners	6
Value of property stolen	\$150.00
Value of property recovered	55.00
Witness subpoena's served	11
Witness notified for Superior Court	4
Wires down and reported	3
Number of Arrests for the year:—	
Male (adults)	133

Female (adults)	3
Male (juvenile)	5
Female (juvenile)	1

	142
Resident	49
Non-Resident	93
Charged as follows:—	
Assault and Battery	8
Bastardy	1
Common Railer and Brawler	2
Drunk	18
Delinquents	4
Disturbance of the Peace	1
Escaped Prisoners	2
Larceny	7
Malicious Injury to Property	1
Non-Support	2
Neglect of Children	1
Neglected Children	2
Safekeeping	3
Violation of Probation	3
Violation of the Auto Laws	87

Disposed of as follows:—

5	Continued.
2	Defaulted.
3	Discharged.
3	Dismissed.
65	Fined a total of \$1,130.00.
4	Fined a total of \$175.00. Appealed.
2	Fined a total of \$35.00. Suspended.
12	For other Police Departments.
11	Found Guilty. Filed.
16	Received suspended sentences totaling 35 months and 10 days.
9	Released.
2	Returned to Institutions.
1	Sentenced to Institutions and Appealed.
7	Sentenced to Institutions for a total period of 21 months and 14 days.

I desire to thank the Honorable Board of Selectmen, His Honor, Judge Pettingell, the Associate Justices, Clerk of the District Court, the Probation Officer and the Officers of the Department for their kindly co-operation during the past year.

Respectfully submitted,

JAMES P. DONAHUE,

Chief of Police

ANNUAL REPORT OF THE MUNICIPAL LIGHT BOARD

The Municipal Light Board herein submit their thirty-first annual report for the fiscal year ending Dec. 31, 1934.

Twenty services have been added during the year making a total of 910 lighting services and 20 Power services in use.

Estimates under Section 57 of Chapter 164 of the General Laws.

Estimate of Expense

Board of Water Commissioners

REPORT OF THE BOARD OF ASSESSORS

Citizens of Merrimac:

The Board of Assessors submit the following report for the year 1934.

We would impress upon the tax payer the necessity of conferring with the assessors as soon as possible after the tax bills are received if application for abatement is to be made for any cause. Dec. 1st following the date of the tax bill is the last day fixed by statute upon which application for abatement can be made in the case of personal property.

Motor vehicle owners making application for abatement on motor cars should keep in mind that the period provided for application for abatement is six months from the date of the tax bill or transfer of the motor vehicle. In no case can the abatement period be extended beyond Jan. 1st of the following year. Motor car owners will best serve their interests by coming to the assessors office as soon as any motor vehicle is transferred or sold. Motor vehicles are assessed on a monthly basis (from the month of registration until the end of the year). The law provides that a minimum tax of \$2.00 shall be levied on every motor vehicle placed on the road. The excise tax rate for 1935 is \$33.06.

Recapitulation

Town appropriations	\$124,120.90	
1931 Overlay deficit	156.13	
1932 Overlay deficit	3,724.37

Respectfully yours

CLIFFORD R. HOWE,
GEORGE B. CROFUT,

Board of Assessors.

REPORT OF THE MERRIMAC TOWN FOREST COMMITTEE
TO JANUARY 1, 1935

To the Board of Selectmen:—

14,000 red pine trees were set out on our forest land this year. 12,000 trees were planted in the new forest area, and 2,000 were planted on the water-shed tract. This makes a total of 55,000 trees set out since our forest was first established, December 11, 1923, and confirmed by vote at Town Meeting, March 3, 1924.

Projects have been financed by the Government this last year on our forest lands. One project was on the water-shed, where about 100

cords of wood. We expect projects for wood cutting for the year 1935 wood was also sold by them, and the money credited to their account.

Two projects were completed this fall. The Old County Road, leading to Red Oak Hill, was reconstructed. Twelve acres were burned over and cleared, ready for setting trees this spring. The Selectmen provided men during the last few weeks of the year and they cut $21\frac{1}{2}$ cords of wood. We expect projects for wood cutting for the year 1935 will be approved by the Government.

The Massachusetts Forest and Park Association in December asked if a dam could be built in our forest for storage of water for boating, fishing and other recreational purposes. We replied that this could be done. It may be possible to have this done without expense to the town.

The amount of money voted for the Town Forest this year was \$100.00. There remains a balance of \$37.94 from this amount.

86 cords of wood sold to the town	\$344.00	
2 cords of wood sold for cash	8.00	
25 trees for roadside planting	50.00	
	<hr/>	\$402.00
Paid for setting out trees	\$55.00	
Express on trees	7.06	
	<hr/>	62.06
		<hr/>
Balance		\$339.94
Balance dut in report of last year		138.48
Total Balance January 1, 1935		\$201.46
		<hr/>

This balance of \$201.46 could be used to reduce the original cost of the Town Forest, which was \$950.00.

The revenue received from the Town Forest has returned to the town all money appropriated for its care and now has a balannce.

We note with regret the death of Mr. Charles R. Ford during the past year. Mr. Ford had been a member of the Town Forest Committee since the establishment of a Town Forest, and was interested in its development.

FRANK N. RAND,
JAMES T. COLGAN,
SAMUEL C. DOUST.

REPORT OF TRUSTEES OF PUBLIC LIBRARY

The Trustees of the Public Library submit their fifty-eighth annual report.

The financial report of the library is included in the report of the Town Accountant.

By bequest of Laura P. Patten the Town of Merrimac received \$500.00 for the benefit of the public library. This fund is to be known as the Laura P. Patten fund, the income of which is to be used for the purchase of non-fiction books.

Your Trustees have had bound two manuscripts, "Merrimac on Wheels" written by the late George E. Ricker, and "The Story of South Amesbury's Early Days," by Mr. Richard A. Sargent. Although because of their value they are restricted to library use, we hope you will read them.

Following are the circulation figures for 1934:

January	1770	July	1306
February	1601	August	1305
March	2019	September	1619
April	1450	October	1806
May	1565	November	1820
June	1491	December	1714

It is interesting to note that of a total of 19,466 books circulated the past year, only 830 were non-fiction.

The fines collected were \$94.63 and were turned over to the Town Treasurer.

During 1934 a total of 343 volumes were added to the Library of which 29 were gifts.

The Trustees wish to thank the following donors of books or periodicals given to the library during the past year.

Mr. Kenneth Breed, Commonwealth of Massachusetts, Ford Motor Company, Mrs. Laura Goodwin, Mr. John Jacob Hoff, Miss S. L. Little, Mrs. Howard Lovell, Mrs. H. S. Lowd, Miss S. I. Sayre, Senator David I. Walsh, Mrs. Shackley, Mrs. C. Lester Sweeney, U. S. Government.

Respectfully submitted,

ALVIN F. HEATH
 ABBIE W. SARGENT
 JOHN B. JUDKINS
 ANNIE A. KELLY
 HARRIET J. DAVIS
 FRANK E. WALKER

REPORT OF TRUSTEES OF KIMBALL PARK

To the Selectmen and Citizens of Merrimac:—

As Trustees of this Department of Town Property we would make this our Annual Report, the 26th of its existence.

We have received as income from Trust Funds (which is our only support):

Judith Kimball Fund	\$32.85	
Amos Weed Fund	76.05	
	<hr/>	\$108.90

We have paid for expenses

Plants, Roy Hoyt	\$2.00	
Fertilizer, Kirkpatrick	4.00	
Care of Grounds, Morse	66.00	
	<hr/>	\$72.00

\$36.90

We have in Merrimac Savings Bank as source of income:

Judith Kimball Fund	\$1,000.00	
Amos Weed Fund	2,076.05	
	<hr/>	\$3,076.05

Of this amount \$1,000.00 was given by Judith Kimball and was accepted by the town as a permanent fund, the income only to be used for Park purposes, and her brother Amos Weed willed an amount to the town which was the balance of his estate and amounted at that time to \$1,860.86 and the accumulations place it now to \$2,076.05 which we would like to have the town place as the other account at \$2,000.00 for the permanent account below which it shall not be drawn the same idea as the Kimball Fund.

JOHN W. KIRKPATRICK

ALDEN B. MORSE

RICHARD A. SARGENT

Trustees Kimball Park

REPORT OF TRUSTEES OF CEMETERIES

To the Selectmen and Citizens of Merrimac:

The three cemeteries of town have received our best care and attention this year, as in all years, and we think we can show results.

We have not been able to do as much in the older sections as we did last year because we could not get as much welfare help as we

did last year, but we have effset that by having more government money for new work on "Locust Grove Addition" for which we have received \$1,144.

After which we had the whole field ploughed and grubbed when we secured the services of Mr. A. L. Rice of Amesbury who plotted the lots and laid out the drives which have been worked and covered with a good coat of gravel making a good surface for travel. We were obliged to furnish this part for material and trucks ourselves.

This was paid for out of the Contigent Fund amounting to about \$300. and was accumulated during Mr. Larkin's term of office, and has been kept several years for this purpose.

Our appropriation is one half what it was a few years ago and the work is larger, but we have tried to get along with it, in view of the hard times, but now we feel that we must absolutely have an increase next year to survey and draw plans for the laying out of lots on the borders of Locust Grove.

When the present plans were drawn the center was filled in but the borders were blank, but now many lots have been sold here but as they are not laid down on the plan therefore it is very difficult to give out deeds in these locations so that we can be sure of our positions. We estimate it will cost about \$100. to do this so we will ask for an appropriation of this amount at the next town meeting.

R. A. SARGENT,
C. A. LANCASTER,
C. O. LIBBY,

Cemetery Trustees.

REPORT OF INSPECTOR OF WIRES

To the Honorable Board of Selectmen:

Total Inspections	211
Additions and changes	146
New Work	65
Oil Burners	4
Motors	7
Damage to Wires by fire	3
Defective wiring and fixtures	35
Stray wires removed	6
Poles reported unsafe	12

I recommend that all old wiring now in use in Town Hall be replaced by metal cable also that a new light be placed in upper front corridor. In order to save the town undue expense, a By-Law should be enacted under the provisions set forth in Section 62, Chapter 164 of the General Laws.

Trusting that the above recommendations will be given due consideration and thanking all who have assisted me during the past year, I am,

Yours respectfully,

JOHN E. BEAN,
Inspector of Wires.

REPORT OF THE PUBLIC HEALTH NURSE

Number of Deaths	5

MERRIMAC TOWN REPORT

Miss Vera Griffin Field Secretary of Essex County Health Association Inc., visited October 11, 26 regarding contact cases of T. B. As a result three persons were X-rayed and given a physical examination at Middleton Sanatorium.

Miss Gertrude Martin, nurse of the Public Health works in Boston, visited in April giving valuable information regarding my work.

On May 9 I attended a meeting of nurses and those interested in Public Health Work at Gloucester.

Due to an accident on December 14 I was unable to work the remainder of the year. Mrs. Anna Gleed very ably substituted.

At this time I wish to thank all who have co-operated with me.

Yours very truly,

JEAN BRADSHAW,

Health Nurse.

REPORT OF FIRE ENGINEERS

To the Board of Selectmen and the Citizens of the Town of Merrimac:

The Board of Engineers submit their report for the year ending December 31, 1934.

Number of alarms, 38.

Fire loss \$3347.

There are at present twenty-five regular men and six substitutes in the department.

The motor apparatus is in first class condition. The rebuilding of the Seagraves pump and general repairs have been made, and has also been refinished.

One section of the station has been shingled, being done as an E. R. A. project costing the Town for material used, only. We have also a project for new doors for the main part of station and repairs to upper hall.

We recommend that the sum of \$3180. be appropriated for the salaries and general maintenance of the department.

Respectfully submitted,

A. A. HUME,

J. ARTHUR OLLIS,

F. O. BAILEY,

Board of Engineers.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen and Citizens of the Town of Merrimac:

The following is my report for the year 1934:

	Sealed	Not Sealed
Platform Scales, over 5,000 lbs.	4	
Platform Ssales, 100 to 5,000 lbs.	11	
Counter Ssales, under 100 lbs.	6

TREASURER'S REPORT

To the Citizens of Merrimac:

The amount required for maturing debt in 1935, exclusive of tax anticipation loans, is \$5,600.00. The fourth note of \$2,000.00 on the Attitash Water Extension will be due, and the second note of \$3,600.00 on the \$18,000.00 borrowed from the Commonwealth of Massachusetts.

It was necesasry to borrow \$82,600.00 in anticipation of taxes of which \$25,000 was outstanding on January 1, 1935. Loans were secured at more favorable rates resulting in the interest appropriation showing an unexpended balance of \$1,073.25.

The number checks issued was 7,304.

Respectfully submitted,

ROY C. JOURNEAY,

Town Treasurer.

EXTRACT FROM REGULATIONS OF BOARD OF HEALTH

CHAPTER II

Nuisances

Section. 1. Any person or persons owning, or having control of any building or premises shall keep the same in a cleanly condition and any such person having control of any building or premises, in or upon which there is any substance or material, or any condition, which is or may become a source of danger to the public health or a nuisance, shall, when ordered by the Board of Health in writing, remove or abate the same within the time specified in said order.

Section 2. Any person or persons owning or having control of any premises abutting on a private way, and having the right to use such private way shall, when ordered by the Board of Health in writing, remove or abate from that part of said private way adjoining such premises, any substance, material or condition, which is, or may become a menace to the public health or a nuisance, and such removal or abatement shall take place within the time specified in said order.

Section 3. No person or persons shall place or cause to be placed or left in or upon any public or private street or way, enclosure or grounds, or in any body or stream of water within the limits of this town, the body of any dead animal, fowl, or any substance or material that is, or may become offensive or cause a nuisance.

Section 4. The owner, agent or lessee of any land or enclosure, used as a dump, either public or private, shall cause all offensive matter dumped thereon to be immediately covered, and all other refuse matter dumped thereon to be kept leveled, and the premises kept in such a manner as to cause no nuisance, during the process of filling. No person shall dump any offensive material upon any dump unless permitted to do so by the Board of Health, and all such offensive materials shall be properly buried or otherwise disposed of to the approval of the Board of Health. All possible care shall be used in preventing the escape of dust and papers from the dump and from the vehicles used in conveying waste materials to the dump.

Section 5. No owner, occupant or agent of any building or premises shall permit any sewage, garbage, contents of drainage of a privy vault, cesspool or water closet or sink drain or any other filth to empty on the surface of the ground or enter into any ditch, brook, stream or body of water unless especially permitted to do so by the Board of Health, and on no condition hereafter, shall any sewage outlet be permitted to enter a storm drain.

CHAPTER III

Cesspools, Privy-Vaults, and Sewers

Section 1. Every owner, occupant or agent of premises in which there is any private sewer drain, privy-vault, or cesspool, shall keep the same in a sanitary condition and shall have every privy-vault and cesspool emptied and cleaned when necessary, or at such times as ordered by the Board of Health.

If the owner or occupant fails to comply with such order, the Board may cause the nuisance, source of filth, or cause of sickness to be removed, and all expenses incurred thereby shall be paid by the person who caused or permitted the same, if he has been actually notified by the Board of Health of the existence thereof .

CHAPTER IV

General

Section 1. Whoever violates any of these rules and regulations shall forfeit a sum not exceeding one hundred dollars (\$100) except when otherwise provided by law or by these regulations.

1934 JURY LIST

The following Jury List was prepared by the Selectmen on June 30, 1934 in compliance with Chapter 234, Section 4 of the General Laws:—Raymond J. Bagley, W. Main St., Draftsman; Herbert F. Bailey, Locust Street, Auto Worker; Frank J. Brady, Summer Street, Auto Trimmer; Frederick E. Bragdon, Retired, School Street; Ernest J. Carroll, Maple Street, Auto Trimmer; Wallace S. Carter, Grove Street, Factory Supt.; Thomas H. Chaff, Bear Hill Street, Farmer; Arthur G. Clay, Locust Street, Farmer; George B. Crofut, East Main Street, Farmer; Nathan Crofut, Walnut Street, Auto Trimmer; Herman F. Davis, West Main Street, Merchant; William J. Earle, Prospect Street, Auto Worker; Harold R. Eastman, Merrimac Street, Auto Trimmer; William H. Finn, West Main Street, Auto Trimmer; Martin F. Gilmore, East Main Street, Laborer; Alvin F. Heath, Lincoln Street, Auto Trimmer; John L. Hirst, West Main Street, Auto Trimmer; Charles E. Lord, Lincoln Street, Auto Worker; Irving M. Manning, Locust Grove Avenue, Millman; Harry A. Pease, Main Street, Realtor; Guy E. Sheldon, Pine Street, Laborer; Mortimer E. Sullivan, Locust Street, Painter; Michael J. Travers, Nichols Street, Mechanic; Benjamin B. Wood, East Main Street, Metal Worker.

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen:

I hereby present the Annual Report of the Town Accountant in accordance with Chapter 624, Section 7, of the Revised Laws. I have also presented all such financial matters as may be of general interest.

I express herewith my appreciation of the co-operation and courteous assistance rendered by you and all the other Town officials in complying with the requirements of our system.

Respectfully submitted,

JAMES C. PEASE,

Town Accountant.

ANNUAL REPORT OF PLAYGROUND COMMISSIONERS

The Playground Commissioners herein submit their third annual report for the year ending December 31, 1934.

The financial assistance received from the "E. R. A." has made the year exceptionally successful.

A project, including the construction of 8 (eight) swings, 4 (four) Teeter Boards, 2 (two) large Sand boxes, numerous benches and the extensive grading of the entire Baseball area has been completed.

A stone drain, 200 (two hundred) feet long, has been laid through the center of the playing field; the steep grades on either side of the field have been lowered and the filling used to build up the center-field; the area thus filled is 125 (one hundred and twenty five) feet in width, 200 (two hundred) feet in length, and from 18 (eighteen) inches to a maximum of 6 (six) feet in depth. The entire baseball area has been loamed, sown in grass seed and rolled.

The project, extending over a period of six months and employing 35 (thirty five) men (part time or full time); the majority of whom were the sole supporters of large families; incurred an expense of less than \$45.00 (forty-five dollars) to the town. Other expenses, amounting to \$27.00 (twenty-seven dollars) were paid for with money donated by Dr. F. E. Sweetsir, Byron H. Sargent, C. Lester Sweeney and "The Engle-Lewes Counter Co."

We wish to thank all those who have helped us in our endeavor to supply our local baseball and football players with a "Playing Field" that is worthy of the name.

Respectfully submitted,

ALEXANDER M. SULLIVAN
FREDERICK E. SWEETSIR
WILLARD T. KELLY
RAYMOND J. BAGLEY
KENNETH L. BREED

Playground Commissioners.

SCHOOL REPORT

To the Citizens of the Town of Merrimac:

In accordance with custom and with the Acts of the General Court, 1859, Chapter 57, we herewith submit to you the 65th Annual School Report.

HOWARD L. DeLONG, Chairman.

ANNIE W. HOYT, Secretary.

WILLARD T. KELLY

School Committee.

MERRIMAC SCHOOL CALENDAR

(Continued from Calendar in 1933 Town Report)

March 1935 to March 1936

- February 25, 1935—All schools open for third term.
- April 18, 1935—All schools close for Easter vacation.
- April 29, 1935—All schools open for Spring term.
- May 30, 1935—All schools close, Memorial Day.
- June 14, 1935—Elementary schools close.
- During week ending
- June 21, 1935—Junior and Senior High graduations.
- September 3, 1935—Parents' Day, registration for all entering pupils.
- September 4, 1935—All schools open for Fall term.
- November 11, 1935—All schools close, Armistice Day.
- Nov. 28 & 29, 1935—All schools close, Thanksgiving recess.
- December 20, 1935—All schools close for Christmas vacation.
- January 2, 1936—High and Junior High Schools open for Winter term.
- January 6, 1936—Elementary schools open for Winter term.
- February 21, 1936—All schools close for Washington's birthday vacation.
- March 2, 1936—All schools open for third term.

NO SCHOOL SIGNAL

- 7:30 a.m. 11—11—long pause—1. No school in grades only.
- 7:30 a.m. 11—11—11. No school in high schools and grades.
- 11:40 a.m. Same signals. One session.
- 1:30 p.m. Same signals. No school in afternoon.

BUILDINGS AND GROUNDS

On June 30 the school committee and superintendent made the annual tour of inspection of school buildings, accompanied by Mr. Charles A. Potter. The following work resulted. The buildings were cleaned in July by Mr. Potter, assisted by welfare workers. At the high school in August all ceilings and walls, including halls and corridors, were washed; all ceilings were calcimined and the walls painted or calcimined. At the Centre School two rooms were painted and the boys' toilet in the basement was calcimined. At the junior high school the plaster in the upper corridor was repaired.

Many repairs are needed at the Centre School. Fourteen items of change were ordered by Mr. Harold J. McCann, State Building Inspector, in his letter of September 12 to the school committee, following his inspection of September 10. Of these items only a few were possible within the time and budget allowance of 1934. On October 17 Mr. McCann agreed what these first items might be. During Thanksgiving recess new steel beams were placed beneath the sixth grade room, fire escapes were partly repaired, a section of the foundation was repaired and a new sill was placed on the South side. Other items were begun during the Christmas vacation, but most of the items listed by Mr. McCann have yet to be faced. The decision of the town to abandon the consolidated school project focuses the attention on these needs.

1934 started inauspiciously at the Centre School building. At the very first of the year the extreme cold froze the pipe in the basement and caused other damage.

MERRIMAC HIGH SCHOOL

In September, 1934, there were three new teachers on the staff at the Merrimac High School: Miss Evelyne F. E. Oliver of Malden in the commercial department, Mr. Wilfred G. Purdy of Merrimac in the department of English and elementary science, and Mr. Isaiah Chase of West Roxbury, substituting in the department of French and Latin during a leave of absence of Miss Barbara N. Morrell. Miss Oliver is a graduate of Everett High School and of the State Teachers College in Salem. She has the degree of Bachelor of Science in Education. Her practice teaching was in the Malden High School. Mr. Purdy is a graduate of Merrimac High School and of the Massachusetts State College at Amherst. He has the Master's degree from Ohio State University. He took further summer courses at his alma mater during 1934. Mr. Chase is a graduate of the Roxbury Latin School and of Harvard. From Harvard he has both the bachelor's and the Master's degrees. During the school year 1930-31 he studied in France at the University of Bordeaux. For somewhat more than a year prior to coming to Merrimac, he taught in the Roxbury Latin School.

The tuition rate at the Merrimac High School has been set for the year at \$85. For state wards it is \$82.69; state fees are established on an actual cost basis. The total cost in the Merrimac High School (without reckoning reimbursements) dropped during three years an average of \$11.44 a year. Part of this may be accounted for by increased enrollment.

According to regulations adopted by the state department of education in the summer of 1933, no class of over thirty pupils can be taught by a teacher of less than two years' experience if a school is to be approved in Class A. With recent large classes this has presented a problem of some difficulties. Merrimac is approved in Class A and desires to remain there.

The increased enrollment of the typewriting department of the Merrimac High School made it necessary in the summer of 1934 to buy six additional machines to take care of the classes. Space for tables has been a problem; it has involved the use of the chemical laboratory which is not heated and is not, therefore, suitable for winter use. At the end of 1934 Miss Oliver reports the following:

"Hortense Sande attained an official record of 51 words a minute in typewriting.

"The Stenography II students participated in a 'Business Problem' international Contest sponsored by the Gregg Writer, a magazine used in Commercial Classes. Howard DeLong, Jr., received one of the 25 prizes awarded in the contest, which was an amusing shorthand book.

"Howard DeLong, Jr., Arlene Hirst, Marie Busch, Lucille Schiavoni, and Norma Mader were awarded certificates by the Gregg Writer for artistic typewriting.

"William McCarron received an O. G. A. pin for submitting the best paper in the O. G. A. Contest sponsored by the Gregg Writer.

"Bronze pins were given by the Woodstock Typewriting Company for accuracy and speed in typewriting to the following students: J. Donald DeLong, Hortense Sande, Howard DeLong, Jr., Arlene Hirst, and Gladys McGregor "

Further high school data concerning enrollment, honors, activities, and other details will be found under the principal's report, beyond.

JUNIOR HIGH SCHOOL

On Tuesday evening, June 19, in Sargent Hall, a class of 25, consisting of 10 boys and 15 girls, graduated from the eighth grade. The address was by the Reverend Leon A. Dean, the valedictory by Beth Whiting, and the salutatory by Mary Whiting. Other honor pupils were Elinor Wormhood, class history, and Dorothy Vincent, class poem. The preceding Friday afternoon had been devoted to Class Day exercises.

At the fall opening day of school on September 5, the enrollment was 76,—37 for the seventh grade and 39 for the eighth. The new teacher, who took over the position formerly held by Miss Lydia Risi, was Mr. Frederick A. Small of Yarmouth, Massachusetts. Mr. Small is a graduate of Yarmouth High School and of Bridgewater Normal School. At Boston University he finished for his Bachelor of Science in Education. His practice teaching was in the high school at Watertown, Massachusetts. At the Merrimac Junior High he teaches English, mathematics, spelling and penmanship to both classes, while Mr. Howard G. Patchett, principal, teaches history, geography and science. Mr. Small is the son of Mr. Alberto W. Small, a former superintendent of the union including Merrimac.

In 1934 Mr. Howard G. Patchett was re-elected president of the Wenemesane Club, comprising all the teachers of the district.

During the summer, Mr. John LaBrie resigned as janitor, after several years of faithful service. The newly elected janitor is Mr. Guy E. Sheldon of Pine Street.

In 1934 the junior high school carried on various clubs and activities.

Improvements during the year included the purchase of a McPhail Upright piano from Mr. M. S. Cutler, and the installation of bubblers in the cellar to replace those formerly in classrooms.

CENTRE SCHOOL

Centre School was fortunate in holding its same staff of teachers throughout 1934 and in maintaining the same friendly spirit of cooperation throughout the building. In the spring the work was interrupted by epidemics of measles and mumps. These epidemics followed upon the heels of a hard, cold winter. During the week of March 12 the attendance fell off so rapidly that on Thursday only 85 of the 239 then enrolled were present. On March 20 only 6 of the 40 pupils of the first grade were present. It was necessary for a few days to do some actual closing.

On the opening day of the fall term in September the enrollment was 233, distributed as follows: Grade I—30, II—33, III—37, IV—40, V—52, VI—41. Late entrants increased the total by four on October 1.

The special problem was the fifth grade,—the same large class for which rooms have had to be shifted year after year. This class needed to be divided into two sections, under two teachers, but neither the extra teacher nor the extra classroom was at hand. If a dozen or fifteen of the slowest pupils from grade five could have been given individual attention by a special teacher, and three or four pupils from each other grade could have been helped by the same special teacher, all the pupils of Centre School would have profited thereby. Mrs. Hardy is to be commended for the patience and perseverance with which she has faced and carried on the work of the fifth grade without the help of any such special teacher.

On May 10, standardized tests were administered to all pupils in order to determine how each pupil and each class stood in regard to the school fundamentals, in comparison with the standards for the country and for other towns of the district. The results were mimeographed in detail and distributed to all teachers.

Throughout 1934 there have been many stimulating projects and events in addition to the routine work. These have included, among other things, a Centre School Gazette, i. e., a weekly bulletin board newspaper by the pupils, scrap books in sixth grade geography,—one by Albert Lay was particularly good,— and silhouette projects by pupils in the fifth grade .

At Christmas time Mr. Zenas Lovell again gave a Christmas tree to each class and an orange to each pupil.

The elementary tuition rate for the year for non-residents of Merrimac is set at \$50, and transportation at \$.50 a week. State wards, both here and in grades seven and eight, pay \$46.06, against a state average in similar towns of \$63.56. Figures, by regulation, are based on costs as recorded in state reports a year back. \$46.06 is very low considering three separate schools and the high per pupil cost at the Port on account of its small number of pupils.

MERRIMACPORT SCHOOL

The Port School opened in September with an enrollment of 17, viz, Grade I—5, II—8, III—4. The new teacher was Miss Edith A. Gillen of Merrimac, a graduate of the Merrimac High School, class of 1930, and of the Bridgewater State Teachers College, class of 1934. At Merrimacport she is making every effort to keep in constant touch with the work of the first three grades at Centre School, in order that all Merrimac pupils of the same grade may have parallel work.

The epidemic of mumps struck the Port School in March and lasted well through the month, about the same time that the Centre School was struggling with measles.

The condition of the ground at the Port School was improved early in the year by the addition of gravel. In April a flag staff was installed for saving the wear on the large flag during bad weather.

TRANSPORTATION

Throughout 1934 the Massachusetts Northeastern Street Railway Company continued, with satisfactory service, to transport the Merrimac pupils by bus. The cost of transportation was somewhat increased by the addition to the original contract of a Rocks Village route, (" the bus to turn around at the corner of the River Road and the road entering the Sargent place"), and by an extension at the Birchmeadow end for picking up a boy at the Lord place. The extra cost is lightened, however, by the discontinuance of tuition at Rocks Village School.

FERA EDUCATIONAL CLASSES

On Monday evening, February 5, at the commercial room of the Merrimac High School, an FERA Educational Project was started in the form of a type-writing class for men. The class, which was taught by Mrs. Ruth E. Chapdelaine of Merrimac, began with an enrollment of 13, and met five times a week. Altogether about 25 enrolled. The class ran for thirteen weeks.

In the fall a Nursery School was organized to be held at the home of Miss Sadie E. MacDougall. On November 7 Mrs. Andon, District Nursery School Supervisor, visited and reported conditions to be very satisfactory. The school failed to open as a federal project because the economic status of the proposed teachers did not meet the requirements which were set up late in 1934 by federal officers, and passed upon in individual cases by state ERA boards.

ART AND MUSIC

Art and music continue to prosper throughout the schools under the same supervisors, Miss Annie A. Kelly and Mrs. Doris C. Currier.

In her ninth year-end report to the superintendent Miss Kelly writes, for the art department:

"The Art Department has been carried on very much the same as last year, teaching the required principles in each grade.

"At the High School a class in handicraft is working on leather, jewelry, soap sculpture and casting. This is voluntary and encourages the urge to create. The Port School pupils, taking advantage of the available floor space, construct toy villages in connection with their study of people and countries. All grades made gifts as usual at Christmas time. A splendid cooperative attitude is maintained in all classes as is shown by the creditable results. Throughout the year work is displayed at the library and in store windows as in previous years.

"An effort is being made to keep the cost of materials at a minimum by using free and inexpensive paper, cartons and card board, which have been generously provided by the store keepers."

In music, Mrs. Doris C. Currier writes, in her fourth year-end report:

"The music in the elementary schools is progressing in the usual manner with two-part singing in the 5th and 6th grades. The 4th grade has new inspiration with their new set of the 'Music Hour.' We wish very much that the music appreciation course of the New Education series might be introduced.

"At the Junior High we are finding it very satisfactory to combine the 7th and 8th grades and make a Junior High School Chorus in their regular weekly work.

"The boys and girls of the High School presented an operetta, 'The Pirate's Daughter' in April, 1934, with success. We are sorry that for the year 1934-35 we are unable to have a High School Orchestra. We lack the correct combination of instruments, but we are in hope that by another year those boys and girls now studying by the Harloway method will be far enough advanced to join the others.

"I wish that some arrangement could be made whereby the boys and girls of the High School might have organized Glee Clubs. There seems to be no time available for this with the present arrangement of periods."

At present there are four Harloway pupils under the direction of Mr. P. Gordon Green of Beverly. The class meets Fridays at Centre School from 11:45 to 12:30. The instruments are the clarinet, the trumpet and drums. There are no violins.

GENERAL

On Tuesday afternoon, May 29, combined Memorial Day exercises were again held in Sargent Hall. Details of this and other events will be here omitted in deference to the request of the selectmen that reports be shortened in the interest of economy.

On Fire Prevention Day, October 11, Mr. Charles E. Bridges and Mr. George R. Buzzell responded to the invitation to visit all school buildings and witness fire drills, inspect, and make recommendations.

On Wednesday evening, September 19, the Merrimac Grange, P. of H., No. 171, gave its annual reception to the school department.

FINANCIAL

The state report of November 30, 1934, which groups Merrimac among 122 Massachusetts towns of similar size, reports that its expenditure per pupil from local taxation for schools was among the 13 lowest in the group, although its general tax rate was the highest of the group.

HEALTH

Herewith follows the school report of Mrs. Jean Badashaw, Public Health Nurse:

Number of school visits	537
Number of home visits	213
Number of pupils enrolled in four schools	461

MERRIMAC TOWN REPORT

Number of pupils examined by Doctor, nurse assisting, May 318, November 210, December 97. (In November and December Dr. Davis assisted Dr. Sweetsir in this work.)

Number pupils given full inspection by nurse 461

Number having defects, nutrition 8, Posture 77, teeth 75, throats 79, glands 88, heart 6, vision 8.

Milk was given to the pupils of the Centre and Merrimacport schools through the Red Cross fund during January and February.

During March, April and May, 1934, the schools were interrupted by contagious diseases, there being 63 cases of Mumps, 132 of Measles, 1 of Scarlet Fever, due to these interruptions we did not have the clinic for immunizing against Diphtheria, plans are now being made for these clinics.

On June 29 the pre-school clinic was held at Centre School, Dr. Sweetsir giving a physical examination to 15 children.

In 1932 an application was signed by the School Committee and Board of Health to sponsor the Chadwick Clinic, in 1933 the work began by X-ray and physical examinations. On October 20, 1934, Miss Knight of this work in Boston visited to help make arrangements for the follow-up, on October 15 Mr. Steele X-rayed 8 pupils setting up the X-ray machine in the High School.

On November 27 Dr. Reddy gave a physical examination to 7 pupils, also Miss Emma L. Wetherbee, nutritionist, visited on that date and talked to parents and pupils of the clinic, stressing the need of more rest as well as a well balanced diet.

At this time I wish to thank Dr. Page, parents, teachers and all who have thoughtfully cooperated,

Yours Very Truly,

JEAN BADASHAW

Doctor J. C. Page, Superintendent of Schools, and Members of the School Board

Gentlemen:

Herewith I submit the annual report of the Merrimac High School for the year 1934.

The distribution of students by classes and courses on October 1, 1934, follows:

								Total No.
		Col.	Sc.			Total	Total	Stud-
Enrollment	Gen.	Prep.	Prep.	Norm.	Comm.	Girls	Boys	ents

Girls	4	2		5	5	16		
Boys	8	1	6		4		19	35
	42	8	14	6	43	72	41	113

We welcome to the High School faculty Miss Evelyn Oliver, who succeeds Miss Jeanne Dozois as head of the Commercial Department; Mr. Wilfred Purdy, who succeeds Mr. Charles Wettergreen as head of the English Department, and Mr. Isaiah Chase, who has been substituting during an extended leave of absence of Miss Barbara Morrill. I have been especially pleased with the way in which each of these teachers has been successfully carrying on their work. It has been particularly noteable that the standards of the past have been maintained with very little break in the continuity of the work. Miss Oliver coaches girls' basketball, and has already interested the girls in soccer during the Fall. Mr. Purdy coaches football and basketball. Miss Roberta Annon continues as able head of the History Department.

Previous to this school year, which started in Septtmbcr 1934, examinations in all subjects have been given at the end of each two months, before the report cards covering that period were sent to the parents. During the school year 1934-

35, examinations are to be given at the end of four and at the end of eight months. This leaves a period of two months at the end of the school year, sometime during which the achievement tests are usually given. This plan of giving the examinations two times a year instead of four, is on trial. The giving of examinations necessitates an immense amount of clerical work and correction by the teachers. If the less number of examinations proves satisfactory, it will probably be adopted. The primary purpose of the examinations is to test the student's knowledge of a subject. It remains to be seen whether the two examination plan can be adapted for use with our report card system of five marking periods a year.

Nineteen students graduated in the class of 1934. The class parts were awarded as follows: Valedictory—Norma Goodwin, Salutatory—Helen Sanuk, Class History—Virginia Harrison, Class Will—Marie Busch, Class Prophecy—Willard Kelly, Class Gifts—Irene Hargraves, Class Poem—Beatrice Hazeltine. The Balfour Award was won by Norma Goodwin, and the Washington and Franklin Medal was awarded to Virginia Harrison. Mr. Arthur B. Lord, Supervisor of Educational Research and Statistics, Department of Education of Massachusetts, gave the Commencement address. Mr. Graham R. Whidden, President of the Old Middlesex Chapter, Sons of the American Revolution, presented the Washington and Franklin Medal. A number of well rendered selections by the school chorus directed by Mrs. Dorris Currier helped to make the program an excellent one. For the first time the chorus stood upon an especially constructed platform. Not only did the chorus make a much better appearance than in the past but also the arrangement permitted a closer blending of the voices. The graduating class wore the gray caps and gowns.

The high school is the grateful recipient of a five tube Philco Radio presented early in September by the Parent-Teacher Association. The radio has already been used in some classes during an appropriate broadcast of subjects relative to the work of the class. A program of Educational Broadcasts from the National Broadcasting Company has been used in choosing these broadcasts. This program states the times of broadcasts of suitable programs for school use, over a period of each month, and gives a large variety of subjects.

It was necessary to cancel all but the first two games of football during the 1934 football season. Injuries sustained by several players in the first two games made it impossible to play the remaining games of the schedule. Although the players were better equipped than in past years, there was and is a great need for more and better equipment in all the sports of which we maintain teams.

It is practically impossible to properly finance athletics in a high school the size of Merrimac High School, as it has been attempted in the past. Football brings in but a few dollars, Basketball does not pay its maintenance, and the revenue from Baseball does not begin to pay for its expenses. All the teams are sadly in need of new suits, and new equipment. Most of the equipment now in use by the football squad has been given to the school by other schools which had bought newer equipment to replace it and rather than throw the old away, had passed it along to us. It is true we have maintained these teams in the past, but not properly. I do not know that lack of equipment was the main cause for the injuries received by the football players. I do know, however, the new and better

equipment would greatly lessen the danger of injury. Our Baseball team is not on even terms with a well equipped team from another school. We can not afford, for axample, to supply enough bats for our players to use.

A large part of the money used to defray the expenses of athletics comes from dues of the Athletic Association. All the students in the High School are members and pay \$.50 per year dues. It would not be good judgment to attempt to conduct an entertainment to raise money, for the High School has already an annual schedule of events which occupies the attention of the students as much as is wise .

I believe that the health program, the athletic program of the high school ought to be financed in the same way as is other departments. **We hire a coach** but buy him no equipment with which to work. Why is it not just as reasonable to purchase a basketball or baseballs for the athletic department, as to purchase supplies for the History or Mathematics Department?

At the time of writing of these reports, it is a problem how the new net can be paid for which the High School is now using in Sargent Hall. Mr. William Casazza and Mr. Roscoe Child have collected some funds from generous townspeople, each of whom contributed a quarter, a half dollar, or a dollar toward this expense. Francis Bailey, a high school student, collected \$120.0 in this way. This net will undoubtedly be paid for, partly by subscription and probably partly from meager funds which ought to be used for other purposes.

Some of the more important extra curricular activities were, the usual athletic teams in football, baseball and both boys' and girls' basketball with their usual practice, interclass games and competition with other schools, the Jamaco Journal, the school bi-weekly paper, the Student Council, a Hi-Y Club for boys, and special holiday programs. The Operetta, "The Pirate's Daughter" in February, Stunt Night, May 11, at which the Juniors won the prize by their "Magic and Drama," the Junior Promenade, May 24, and the Memorial Day Exercises in Sargent Hall of all the school children in town and the usual Graduation activities of Baccalaureate Service, Class Trip, Graduation Exercises and Reception finished the school activities for the year 1933 and 34. In the fall of 1934, a one act play and selections by a male quartette furnished entertainment for the Parent-Teacher Association in October, then came the Freshmen Dance the first of November, the Senior Play, "Good Morning Glory" on December 14.

The student council has purchased an extension to the Balfour Award Plaque, on the six plates of which are inscribed the names of the winners of the Balfour Award for six consecutive years. Six keys were also bought by the student council for presentation to the student to whom the honor is awarded.

An electric clock controlling the bell system of the high school would be a distinct improvement of the system of ringing the bells from a push button by hand as is now the practice. These bells are rung thirty-one times daily. Not only does the one who rings the bell need to glance at the clock constantly in order to ring the bells at the proper time, but such a system is very inaccurate.

I thank Doctor Page and the School Committee for their kind cooperation.

Respectfully submitted,

C. D. MacKay, Principal.

GRADUATES OF MERRIMAC JUNIOR HIGH SCHOOL, 1934

Gertrude Florence Bacon, James Matthew Barry, Robert Greeley Burbeck, Karl Edward Busch, Bertha Elizabeth Clark, Mythel Harriet Collins, Alcha Catherine Huntress, Florence Mae Hurlburt, Helena Beatrice MacDougall, Barbara Ann Murray, Helmi Miriam Mustonen*, George Francis Peaslee, Jacob E. Quinney, Jr., Herbert White Remick, Hugh M. Remick, Roland Charles Roberge, Jack Morris Sargent, Berdina Mary Schiavoni, Paul H. Seymour, Joseph Patrick Stevens, Sylvia Esther Tammik, Dorothy Marion Vincent*, Beth Elaine Whiting*, Mary Frances Whiting*, Elinor Marie Wormhood*.

At mid-year: Eleanor Arlene Preble, Ralph Batchelder Sargent, John Daniel Hardy Thornton.

* Scholastic Honors.

GRADUATES OF MERRIMAC HIGH SCHOOL, 1934

College Preparatory Course: Irene Elizabeth Hargraves.

Scientific Preparatory Course: Willard Thorn Kelly, Jr.

Normal Course: Virginia Burnett Harrison.

Commercial Course: William O. Calnan, Janice Evelyn Howe, Margaret Elizabeth Hoyt, Helen Pauline Sanuk, Ethel Gould Tarbox, Beatrice Bernice Urquhart.

General Course: George Woodbury Bacon, Marie Otillia Busch, Lois A. Clark, Eugene William Deminie, Leon L. Dow, Jr., Norma Pauline Goodwin, Beatrice Evelyn Hazeltine, Helen Marjorie How, Paul Allen Metcalf, C. Ernest Preble, Harold James Smith.

MERRIMAC HIGH SCHOOL

HIGH SCHOOL SCHOLARSHIP HONORS, 1933-34

High Honor

Norma Goodwin 93, Leonora Child 92.75, Paul Morgan 92.5, Helen Sanuk 92.4, Howard DeLong 92.

Honor

Marjorie Emery 89.5, Margaret Dow 89, Virginia Harrison 89, Shirley Lord 89, Marie Busch 88, Gladys Robinson 87.63, Arlene Hirst 87.4, Hortense Sande 87.2, Elizabeth Waterhouse 87, Lester Sweeney 86.75, Elizabeth Goodwin 86.25, Eugene Deminie 85.8, Willard Kelly 85.6, Muriel Wallace 85.25, Lucille Schiavoni 85.2, Donald DeLong 85.13.

GIRLS WHO EARNED LETTERS IN BASKETBALL, 1934

Janice Howe, Captain; Margaret Dow, Virginia Streeter, Irene Hargraves, Arlene Hirst, Natalie Carroll, Helen How, Helen Brady, Barbara Dinsmore, Eleanor Mac Donald, Manager.

BOYS WHO EARNED LETTERS IN BASKETBALL, 1934

Harold Smith, Captain; Leon Dow, George Bacon, Eugene Deminie, Ernest Preble, Paul Metcalf, John Slobon, Francis Bailey, Manager.

BOYS WHO EARNED LETTERS IN BASEBALL, 1934

Leon Dow, Captain; Eugene Deminie, George Bacon, Harold Smith, William Casazza, Arthur Hoyt, Frederick Bailey, Paul Metcalf, Leon Smith, James How, Paul Morgan, Francis Bailey, Manager.

ATTENDANCE HONOR ROLL

Not Absent for 7 years, September 1927 to June 1934

Margaret Dow

Not Absent for 3 years, September 1931 to June 1934

Sylva Clark

Ethel Tarbox

Not Absent for 2 Years, September 1932 to June 1934

Louis Familia

Not Absent for 1 Year, September 1933 to June 1934

High School—Paul Metcalf, Ruth Metcalf, Frances Plona, Hortense Sande.

Junior High School—Gertrude Bacon, Ray Clark, Arthur Lockwood, Berdira Schiavoni.

Centre School, Grade 6—Shirley Nelson.

Grade 5—Evelyn Lang, Granville Murphy.

Grade 4—none.

Grade 3—none.

Grade 2—Shirley Breed.

Grade 1—none.

Merrimacport School—none.
